# Part A: Pupil premium strategy plan

## Statement of intent

At Muriel Green Nursery School our aim is that all children, irrespective of their background or potential challenges, have a great start, make strong progress and achieve well across all areas of learning. The focus of our pupil premium strategy is to support all children at risk of disadvantage to achieve that goal, including progress for those who are already high attaining.

When allocating the funding we will assess the context from which the child is working- we take a holistic approach to providing support and look at potential challenges in academic attainment, family support and enrichment. Research indicates that high attaining children are at risk of falling off of the trajectory, so we allocate funding and carefully provide support irrespective of children's starting points.

High quality provision is proven to be the key driver for raising attainment for all children including those at risk of disadvantage. At Muriel Green

Our commitment is to ensure that the nursery is a place where every child can thrive. The allocation of funding is carefully thought out to ensure that all children benefit from raised standards of provision.

Our strategy is to identify the key actions for individual children and families that will make the difference. School leaders are familiar with current research and use this research to inform decisions. Every child's achievement and potential barriers are assessed, discussed, and reviewed. Our fluid approach results from regular reviews and careful monitoring of impact to ensure that the allocation of funded is effective and that we are making a difference.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and transition information indicate that many children, including those at risk of disadvantage, have starting points in communication lower than those expected of their chronological age.

2	Our attendance data indicates that a small minority of pupils at risk of disadvantage have attendance below that expected to achieve strong progress.
3	A small minority of children at risk of disadvantage have significant additional needs and require the support of external professionals and close support of staff in the school to keep themselves safe and access the curriculum.
4	A small minority of families including those at risk of disadvantage require support to ensure that the home learning environment promotes strong progress.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved communication and language skills and widened vocabulary.	<ul style="list-style-type: none"> <li>• Children will make strong progress from their starting point.</li> <li>• Children will achieve the curriculum intent</li> <li>• Children will be well prepared for the next stage in their education.</li> </ul>
To achieve and sustain improved attendance for all children, particularly those at risk of disadvantage.	<ul style="list-style-type: none"> <li>• Attendance data will evidence consistent attendance</li> <li>• Clear systems for monitoring attendance and offering support will be in place</li> </ul>
Children at risk of disadvantage who have significant additional needs thrive.	<ul style="list-style-type: none"> <li>• Children will receive timely support from external professionals</li> <li>• Children will be provided with a differentiated approach to an ambitious curriculum</li> </ul>
Family support will ensure that the home learning environment promotes strong progress.	<ul style="list-style-type: none"> <li>• Families will work in strong collaboration with the school</li> <li>• Families will feedback positively on strategies implemented</li> <li>• Evidence will indicate that improvements in the home learning environment have positively impacted on outcomes</li> </ul>

## Activity in this academic year

This details how we intend to spend our early years pupil premium **this academic year** to address the challenges listed above.
